

Respondus LockDown Browser – For Students

1. To take a quiz that requires Respondus LockDown Browser, first check if you have Respondus LockDown Browser installed on the computer you are currently using. (Note: All of the SXU Labs and Library computers have Respondus LockDown browser installed.)
2. If not installed, you can install it with this link:
<http://www.respondus.com/lockdown/information.pl?ID=573840579>
3. Once it has been installed, click the Lock icon of Respondus LockDown Browser to open it.

for Windows

for Mac

4. You will be prompted to log into your Canvas account. Once logged in, you can view your quiz and take it.

To view tutorials on Respondus LockDown Browser, go to www.respondus.com and click “Watch Now” under the “LockDown Browser” tab. Select any of the available Canvas videos.
